

## Our Programs

### Sponsorship in Education

Providing education to a child is one of the most valuable gifts and tools. It holds the key to breaking the cycle of poverty, and when you invest in education, you're not just impacting lives – you're shaping the future. Through a heartfelt initiative and dedicated effort, our goal is to bring about life transformation through education. A contribution of \$114 can cover the expenses for a primary school child to attend a full three-month school term. Furthermore, we're committed to revitalizing our vocational training institute. This will empower both youth and women with practical skills, enabling them to establish businesses for self-reliance and sustainability. Together, we can make a lasting impact on individuals and their communities.

### The Rev. Dr. Patience Kisakye scholarship Fund

This scholarship commemorates the enduring influence of Dr. Patience, who left an indelible mark through her dedication to education. The fund provides educational opportunities to deserving students from underprivileged backgrounds, aiming to empower those who share her commitment to community service, leadership, and academic excellence. Your contribution, no matter the size, will make a meaningful difference.

Rev. Dr. Patience D. Kisakye, a founding member of the Divine Hearts Foundation and an ordained minister in the United Methodist Church, tirelessly advocated for the well-being of women and children in both the United States and Sub-Saharan Africa. Through this scholarship fund, we strive to honor her legacy by continuing to offer educational support. On December 9, 2021, she passed away, leaving a lasting impact. May her soul rest in peace.

### Clean and Safe water

Our initiative to provide clean and safe water through the installation of water wells and boreholes plays a crucial role in enhancing community hygiene and addressing waterborne illnesses. By strategically locating and drilling these sources in under served areas, we guarantee communities a dependable and lasting supply of clean water.

This effort goes beyond elevating the health and quality of life for community members. It actively works towards diminishing waterborne diseases like cholera and dysentery, which stem from unclean water sources. The entire cost of drilling and constructing a borehole in Uganda amounts to \$8,124, and any contribution toward this vital initiative is greatly appreciated.

### Feed a Family

Disturbingly, one in three schoolchildren faces the heart-wrenching reality of going without food during their school day. This lack of proper nutrition is at the core of ongoing nutritional issues, which negatively impact the health, growth, and development of Ugandan children. The 2013 Comprehensive Food Security & Vulnerability Analysis (CFSVA), conducted by the World Food Program (WFP) in Uganda, exposed that roughly 5 percent of households in the country endure inadequate or non-existent food intake. Additionally, 16 percent of households possess borderline food consumption, characterized by diets that are slightly more diverse but still lack proper nutrition. Tragically, this has led to increased mortality rates due to hunger and famine. As an organization, we extend an invitation to join forces with us in the battle against hunger. Surprisingly, a gift as small as \$12 has the power to provide a child with nourishment, clothing, and shelter for an entire day. Your partnership can make a profound impact on the lives of those who suffer from food insecurity.

## Be the change Mobile Clinic

### Volunteer Opportunities

Divine Hearts Foundation offers transformative chances for volunteering, whether as an individual or as part of a team. Select your preferred option from the following and reach out to us when you're prepared:

- 1) Individual  
Feel invited to join Divine Hearts as a volunteer. We welcome applications according to our ongoing opportunities. For further details, please contact us at [care@divineheartsfoundation.com](mailto:care@divineheartsfoundation.com)
- 2) Group  
Gather a group of like-minded individuals and join us at Divine Hearts for a collective volunteering experience.

**Who we are**

We are a 501(c)3 Christian Nonprofit Organization committed to strengthening the resilience of the communities we serve. Our mission centers around removing barriers to development, safeguarding the well-being and future of children, youth, and women. Through our village-to-village approach, we work tirelessly to create a sustainable environment that fosters protection, health, and survival, empowering individuals and communities to thrive.

**Mission**

Our Mission is to accelerate community resilience in achieving their full potential.

**Vision**

To develop communities where children, youth, and women manifest God's love, are socially and economically empowered.
